ANNUAL ASSESSMENT

78th

composite %ile · Met

This quarter added **231 hours** over **44 instructional days**. Subject hours below are school-year cumulative. Hours are derived automatically from the family's activity log — never from any timer shown to the child.

1 · Subject coverage & progress

Every Lantero mission is pre-tagged to subject areas, so coverage accrues from ordinary play. Progress is a parent-side read of fluency — not a grade, and not shown to the child.

SUBJECT	HRS (YR)	THIS QUARTER — SUBSTANTIVE SUMMARY	PROGRESS
Reading & Literature	120	Read 4 chapter books as "expedition logs"; oral fluency and retell strong.	● Fluent
Spelling & Word Study	36	Spaced playful retrieval of pattern families; r-controlled vowels secured.	● Secure
Writing & Composition	78	Six-page illustrated story; first multi-paragraph report on habitats.	● Developing
Mathematics	132	Multiplication facts fluent; introduced fractions & area via base-design missions.	● Fluent
Science	96	Life-science unit; ran 5 backyard experiments with prediction & record.	● Fluent
Geography	40	Mapped 5 "territories"; latitude/longitude and map-key skills.	● Developing
U.S. History & Civics	70	Colonial-era unit; branches of government via "the Society's charter."	● Developing
Citizenship & Constitution (US + NY)	22	U.S. Constitution + NY State module completed (state slot).	● Secure
Health & Safety Education	48	Includes fire/arson prevention, bicycle & highway safety, substance-abuse prevention.	● Secure
Music	24	Rhythm & listening; began recorder.	● Developing
Visual Arts	40	Field-journal illustration; map cartography; clay.	● Fluent
Physical Education	96		● Fluent

SUBJECT	HRS (YR)	THIS QUARTER — SUBSTANTIVE SUMMARY	PROGRESS
		Cycling, swimming, movement missions (logged, never timed for the child).	
Practical Arts & Library Skills	28	Used the library catalog; cooking-math; simple repairs.	● Developing
Life skills (6 strands)*	117	Public speaking, financial literacy, entrepreneurship, courage & confidence, conflict resolution, independent thinking.	● Developing
Total	947	Across 181 instructional days · 21 subject strands	

* Life skills are first-class subjects in Lantero. They are logged for the family's benefit and do not count toward, or against, any state's required hour minimums.

Progress key: ● Emerging ● Developing ● Secure ● Fluent — a parent-facing read, qualitative by design.

2 · Required topical units (state mandates)

New York, Pennsylvania, and Rhode Island each require specific topical instruction. All are covered this year:

- ✓ Fire & arson prevention (annual)
- ✓ Patriotism & citizenship
- ✓ U.S. Constitution
- ✓ NY State history & constitution
- ✓ Highway & bicycle safety
- ✓ Substance-abuse prevention
- ✓ Physical health & hygiene
- ✓ Library / research skills

3 · Annual assessment

New York requires a standardized test in alternating years for grades 4–8. Administered once, at home, low-stakes, with no test-prep drilling — consistent with Lantero's mission rules.

INSTRUMENT	READING	MATH	LANGUAGE	SCIENCE	COMPOSITE	STATE THRESHOLD
Iowa Assessments, Form E (May 2026, parent-administered)	81%ile	76%ile	74%ile	80%ile	78%ile	Met — NY needs ≥ 33rd %ile

Percentiles appear here because the state requires this measure for the file. They are not how Lantero gauges learning day to day — that is the willingness pulse below — and they are never shown to the child.

4 · The learner & the guide

The learner — wellbeing (parent-side)

- **Willingness (north star):** approaches learning willingly — positive in 11 of 13 weeks, trend up.
- **Unprompted mission requests:** increasing month over month.
- **Frustration recovery:** faster; parent intervening less often.
- **Identity:** "I'm someone who figures things out" — observed in her own words.

The guide — sustainability

- **Missions run this quarter:** 58
- **Average prep time:** 4 min per mission (target ≤ 5)
- **Logging completeness:** 100% of instructional days
- **"Is this still fun for me?":** Yes

Constitutional guard. This is a parent-side export. No part of this report — no score, percentage, ranking, or streak — is shown to the child. The child is never the dashboard's subject.

5 · State requirements coverage — the superset view

Lantero keeps records against a **superset standard** — the union of the strictest states (MA, NY, PA, RI). Meet the superset and you meet, in substance, every state. Your own state's column is highlighted.

REQUIREMENT	MA	NY (HOME)	PA	RI	SC	THIS RECORD
Written education plan	School-committee approvable	IHIP	Affidavit + objectives	Local approval	Assoc. enrollment	On file (MA-grade)
Instructional days	180	180	180	180	180	181 · Met
Instruction hours	~900	900	900-990	1,080	—	947 · NY/PA/MA RI 88%
Subject coverage	Broad	Broadest (union)	Broad	Broad + civics	Core 5	Full union · Met
Records / portfolio	Records	Records	Evaluator portfolio	Records	Portfolio	Portfolio attached
Reporting cadence	At review	4 quarterly + annual	Annual	District-set	Semiannual	Report 4 of 4
Assessment	Plan-defined	Test alt. yrs 4-8	Tests gr 3/5/8	District-set	Every other yr	78%ile · Met
Instructor qualification	Reviewed	None stated	HS diploma/ GED	None stated	HS diploma/ GED	Diploma on file

6 • Differences & gaps

Where this record stands

Your state (New York): all current-year requirements are met. The IHIP, the four quarterly reports, the 900-hour minimum, the full subject list, and the grade-4 assessment are each satisfied.

Beyond New York, the same record also satisfies **Massachusetts** (an approvable education plan), **Pennsylvania** (an evaluator-ready portfolio + grade-appropriate testing), and **South Carolina** (Option 3, association path).

One difference to know: Rhode Island's 1,080-hour ceiling is the highest in the country. At 947 hours you are at **88%** of it. New York does not require this — it is flagged only so you'd know the single item to top up if you ever moved to RI.

Net: this family could relocate to any U.S. state and remain substantively compliant, with RI's extra hours the only gap.

7 • Portfolio index — the Trove

Work samples accumulate naturally from missions. A full portfolio (PA-grade, evaluator-ready) accompanies this report; selected items:

SUBJECT	REPRESENTATIVE WORK SAMPLES
Reading & Writing	"Dino Coast" field journal (14 entries); 6-page illustrated cipher story
Mathematics	Moon-base supply ledger (multiplication); fraction "treasure split" worksheets
Science	Backyard bug census; shadow-tracking log; water-flow experiment notes
Social Studies	Hand-drawn expedition map of 5 territories; "Society charter" (branches of gov't)
Arts & Practical	Cartography plates; clay specimens; recipe-doubling math

Informational, not legal advice. Homeschool statutes and district practices vary by location and change over time; Rhode Island figures are the national ceiling case, not a New York requirement. Verify your obligations against **HSLDA's state pages** and your state education department before filing. This report was generated by Lantero from the family's own activity log and is fully editable before submission. All data stays on the family's device. *This is a sample with fictional data, shared to gather feedback on format and usefulness.*
